Brush up on my field work
Better brush up on my field work
Gonna get my fingers dirty
Better brush up on my field work
One thing I need
Is to understand this jungle
Before I can untangle
The part of me that's fungoid
Was a hundred and three
When the world was still a baby
But instinct's an equation
You could program in an android
Brush up on my field work
Better brush up on my field work
Gonna get my fingers dirty
Gonna brush up on my field work
Somewhere inside
There's a place where we can travel
A code we could unscramble
A riddle to unravel
Brush up on my field work

Gonna brush up on my field work

Gonna get my fingers dirty

Gonna brush up on my field work

Somewhere inside me

Are the caves of Iwo Jima

And the sands of Arizona

Better brush up on my field work
