It's you. only you.

It's you. only you.

It's you. only you.

You are an important person. a rare individual. a unique creature. there has never been anyone just like you and never will be. you have talents and abilities no one else has. in some ways you're superior to any other living person. the power to do anything you can imagine is within you when you discover your real self by practicing a few simple laws of success.

First law of success. take inventory of your assets. don't be modest or critical. be open and objective. get a pencil and paper. write down every good things about yourself you can think of.

It's you. make it habit. make it happen. only you.

It's you. make it habit. make it happen. only you.

It's you. make it habit. make it happen. only you.

Second law of success. write a description of the person you'd like to be. describe your personal dress, your home, your automobile, your desired occupation and income. be honest. now, go even deeper. describe the inner person you'd like to be. let your mind run wild. assume you can become anything that you desire. the fact is, you will become the person you honestly describe. you can't avoid it.

It's you. make it habit. make it happen. only you.

It's you. make it habit. make it happen. only you.

It's you. make it habit. make it happen. only you.

Third law of success. concentrate on a mental image of the person you'd like to be. paint a picture in your imagination of who you want to become. constantly hold this visual in your mind's eye. see yourself performing and responding like a champion. feel the confidence and courage that radiate from this type of person.

It's you. only you.

It's you. only you.

It's you. only you.

These three laws are powerful and effective in changing lives. they'll work for you without fail if you're persistent in applying them.

Make it habit. make it happen. make it habit.
Make it happen. make it habit. make it happen.
Make it habit. make it happen.

It's you. make it habit. make it happen. only you.
It's you. make it habit. make it happen. only you.
It's you. make it habit. make it happen. only you.
