Come out and dance with me, darling
On that funky side of town
Come out and rock with me, baby
Shake it up and dance it down
When you hear that good band play
It'll make you want to fool around
You can't sit down

I've got some moves for you, baby
That I learned from way back when
I've got a feel for you, baby
You'll believe in love again
When I knock on your door
You'll let me in, in love again

We go round and round
Don't know where we're bound
Long as there's a beat
I'll hang around for one more round

Now baby, don't read the papers
'Cause they always make you sad
And honey, don't watch the TV
'Cause the news is always bad
Come and dance with me tonight
And you know your heart will be so glad
So very glad

Baby, don't you know the reason
Grandma smiles at Grandpa so?
Grandpa can still keep it moving
Like he did so long ago
Grandma says, "Hold me tight
And don't let go like years ago"

Baby, this is true romance
Take it while you see a chance
If we got everyone dancing
Wouldn't be no time for war

If they got into the feeling
They'd find out what life is for

Every day you'd hear them say
"This has got to be what life is for"
And dance some more
