It's already written that today will be one to remember
The feeling's the same as being outside of the law

Had to cry today
Well, I saw your sign and I missed you there

I'm taking the chance to see the wind in your eyes while
I listen
You say you can't reach me but you want every word to
be free

Had to cry today
Well, I saw your sign and I missed you there
And I missed you there

It's already written that today will be one to remember
The feeling's the same as being outside of the law

Had to cry today
Well, I saw your sign and I missed you there

I'm taking the chance to see the wind in your eyes while
I listen
You say you can't reach me but you want every word to
be free

Had to cry today
Well, I saw your sign and I missed you there
Had to cry today
Had to cry today
Had to cry today
