Turn around every way, looking back another day  
The race is on, I'm out to win, before I start I must begin

Here we go round in circles to nowhere  
Mulberry bush just won't let me see  
If I am lonely when I arrive there  
Mulberry bush, will you shelter me when I am naked  
and cold?  
Yet no one must see, oh they're looking at me  
When I am straight I feel that my world is real

With people running round and round, bringing one  
another down  
People running round and round, bringing one another  
down  
Here we go round, I'm looking for someone  
Mulberry bush is calling to me  
Red lights and green ones, I can't be nervous  
Mulberry bush, your bright eyes I see

Here we go round in circle to nowhere  
Mulberry bush just won't let me see  
If I am lonely when I arrive there  
Mulberry bush, will you shelter me?
