I'm blue be dooby dooby do
(gong, gong, gong, gong g-g-gong gong, yeah)
I'm blue be dooby dooby do
(gong, gong, gong, gong g-g-gong gong, yeah)
I'm blue, I'm blue be dooby dooby do
(I wanna tell all of you people)

I dropped a penny in a well hoping you would come
back soon
(I couldn't believe what I've heard)
A fortune teller told me my love for you was true
(I hope that his reading was wrong)
I hope he was wrong, 'cause you've been gone too long
from home
I'm blue be dooby dooby do, etc.

Every night about 2, my love for you comes tumblin'
down
(I can't sleep at night just thinking of you)
I keep a feelin' and a fumblin', but you ain't nowhere
around
(I can't stand being here all alone)
I hope that she was wrong, cause you've been wrong
too long from home

I'm blue be dooby dooby do, etc.
