Some say, "I know", others say, "I don't"
That's alright now
What I'm sayin' every day is that love will find a way
That's no lie now
When the road's getting tough and you think you've
had enough
Don't give up now
Show the world how you feel, gonna let them know
you're real
Don't be shy now, don't be shy now

(Let your love come down)
Let it flow now
Just let it flow now, baby, yeah
(Let your love come down)
Come on and show me now
Don't hold it back now
Oh girl, you got to

Let your love come down
(Let your love come down)
(Let your love come)
Let it all go now
(Let your love come down, baby)
Let your love come down
(Let your love come down)
(Let your love come)
Let it all go now
(Let your love come down, baby)

Make sure that you're true in everything you do
Don't you fake it oh no
When you're caught in the heat and you think it's got
you beat
You can take it hey
You got time on your side and this door is open wide
You can make it, oh yes we can
It was there from the start, got the power in your heart
Don't forsake it, oh no don't forsake it

(Let your love come down)
Let it flow now

Just let it flow now, baby, yeah
(Let your love come down)
Come on and show me now
Don't hold it back now
Oh girl, you got to

Let your love come down
(Let your love come down)
(Let your love come)
Let it all go now
(Let your love come down, baby)
Let your love come down
(Let your love come down)
(Let your love come)
Let it all go now
(Let your love come down, baby)

Give your heart, darlin' every day
Wear your love now, baby, don't hide away
Roll it over, don't delay
Let's start a new day, ohh baby

(Let your love come down)
Let it flow, let it flow now baby yeah
(Let your love come down)
Come on and show me now
Don't hold back now
Oh girl, you got to

Let your love come down
(Let your love come down)
(Let your love come)
Let it all go now
(Let your love come down, baby)
Let your love come down
(Let your love come down)
(Let your love come)
Let it all go now
(Let your love come down, baby)

Let your love come down
(Let your love come down)
(Let your love come)
Let it all go now
(Let your love come down, baby)
(Let your love come down)
(Let your love come)
(Let your love come down, baby)

(Let your love come down)
(Let your love come)

(Let your love come down, baby)
(Let your love come down)
(Let your love come)
(Let your love come down, baby)
