Every time I'd see you, girl, it makes me feel so sad
Knowing you've been seeing some other guy that treats
you bad
Did you know I'm burning deep inside for you?
Just give me the chance now and we can see it through

If you'll be my woman, I'll be your one and only man

Gonna take you with me far away from hearts of stone
We'll live in the country and raise some children of our
own
I will be your lover, I will be your friend
I'll give you my loving, on that you can depend

If you'll be my woman, I'll be your one and only man

And there'll be no more crying, I'll make your dreams
come true
You know I'll never turn my back on you

And there'll be no more crying, I'll make your dreams
come true
You know I'll never turn my back on you

Take you to the city, girl, we're gonna buy some clothes
Dress you up so pretty and then we'll take in all the
shows
Find a place that's jumping, where the music's tight
And we'll keep on dancing till the morning light

If you'll be my woman, I'll be your one and only man
Oh yeah

If you'll be my woman, I'll be your man
Know I'm gonna give you everything I can
If you'll be my woman, I'll be your man
There'll be no more running, gonna make a stand

If you'll be my woman, I'll be your man
Know I'm gonna give you everything I can
If you'll be my woman, I'll be your man
There'll be no more running, gonna make a stand

If you'll be my woman, I'll be your man
Be my woman, I'll be your man
