Faded dreams and buried schemes
They never worried me
Promises lost and secrets tossed
They have no remedy

Yeah, you can lay your head
Down in the ground
Or move on with me, yeah

Photographs fade easily
They need to be locked away
I don't ask much of anything but conspiracy
Conspiracy of the heart, of the heart

Well, we made mistakes before
And I know that we'll make them all again
That I can take all that along the way
'Cause I know that from here on out
That you will always be my friend

Well, it's yesterday, today and tomorrow
Another bend in the road

Photographs fade easily
They need to be locked away
I don't ask much of anything but conspiracy
Conspiracy of the heart, of the heart

And there's so many things that try to pull us apart
And there's so many things to deny
But it gets harder everyday to find the love in our
hearts
It's not easy but I'll try

Photographs fade easily
They need to be locked away
I don't ask much of anything but conspiracy
Conspiracy of the heart

Photographs fade easily
Photographs fade easily, fade, fade away
Photographs fade easily, oh

Photographs fade easily, fade away, yeah, yeah
