Charmed, I'm sure it's a strange allure
Our intentions aren't exactly pure
I'm the bait, you're the lure
Let me cast my line

Some things just get better and better
Some things don't, whatever
Imagine how we'd be together
Let's find out

Wait until you get to know me
Wait until you get to know me
Sky's above me, earth's below me
Wait until you get to know me

I'm a finger of Scotch in a dry Manhattan
I'm a car wreck that's just waiting to happen
The damaged goods behind the wrapping
Let me open it up

If it was 10 pm you could be wary
1 am, it might be scary
But the bar's are closed
And you can carry me home, come on

Well, wait until you get to know me
Wait until you get to know me
Something that you want to show me?
Wait until you get to know me

Charmed, I'm sure it's a strange allure
Our intentions aren't exactly pure
I'm the bait, you're the lure
Let me cast my line

Some things just get better and better
Some things don't, whatever
Imagine how we'd be together
Let's find out

Wait until you get to know me
Wait until you get to know me
Sky's above me, earth's below me
Wait until you get to know me

Wait until you get to know me
Wait until you get to know me
Something that you want to show me?
Wait until you get to know me
