If you be my baby

Girl you know
Oh my heart is crying out for you
And not matter what I try
I just don't know what I should do
You know I'd wait forever
Just to be with you
So take my hand lets get together
Baby me and you

Pre-Chorus

Ooh I'll lift you up
I'll take you higher baby
Ooh I'll lift you up
Higher than you've been before
Ooh I'll lift you up
Don't you know if the sky is the limit
Its me you're looking for

Chorus

If your down tonight alright
Let's get this party started right
Ooh yeah
If you be my baby
When the stars come out tonight
We'll dance until the morning light
Ooh yeah
If you be my baby
If you be my baby

Girl you know I can't stop thinkin' 'bout
The things that you do
And my head keeps spinning round and round
Its just from watching you
My heart is jumping up and down
Girl what can I do
Stay together last forever now
Baby me and you

Pre-Chorus

Ooh I'll lift you up
I'll take you higher baby
Ooh I'll lift you up
Higher than you've been before
Ooh I'll lift you up
Don't you know if the sky is the limit
Its me you're looking for

Chorus
If your down tonight alright
Let's get this party started right
Ooh yeah
If you be my baby
When the stars come out tonight
We'll dance until the morning light
Ooh yeah
If you be my baby
If you be my baby

Chorus
If your down tonight alright
Let's get this party started right
Ooh yeah
If you be my baby
When the stars come out tonight
We'll dance until the morning light
Ooh yeah
If you be my baby
If you be my baby

Pre-Chorus
Ooh I'll lift you up
I'll take you higher baby
Ooh I'll lift you up
Higher than you've been before
Ooh I'll lift you up
Don't you know if the sky is the limit
Its me you're looking for
