I gotta tell,

I gotta tell,

I gotta tell,

I gotta tell,

I gotta tell everybody,

You're my only shawty.

(Yeah)

(Whoaa oo yeah)

I gotta tell everybody,

You're my only shawty.

(Yes)

(Whoaa ohh)

Girl you're incredible,

I gotta let you know,

That you're my only girl,

Make a thug wanna tell the whole world.

You came into my life,

When I was out of time

And you gave the kind of love to turn the player's life
around.

(The little things you do,

Got me so into you)

More than you could ever know.

('Cause girl I'm usually,

The type of guy to cheat)

But you make this player wanna settle down.

She's my shawty,

The only one I call my baby.

She got the love that drives me crazy,

I gotta let the world know,

(Hey) she's my shawty,

(Hey) she's my shawty,

She's my shawty,

The only one I call my baby.

She came along in time to, save me,

I'm letting all the girls know,

(Hey) she's my shawty,

(Hey) she's my shawty.

(Yo, I'm gonna tell her like this, check it out)

I gotta tell,

I gotta tell,

I gotta tell,

I gotta tell,

Every stage I sing on,

The girls be goin' crazy.

But you don't have to worry

I'm telling them you're my baby.

You got me sprung I'm spending all my time with you.

(With you)

It feels so good to say that I'm in love with you.

(With you)

(What would I do,

If I was to lose you)

It's something that I don't wanna know.

She got the body of a stripper,

(Yeah)

The mind of a teacher,

(Damn)

So mama make this vow that I'm never gonna leave her

She's my shawty,

The only one I call my baby.

She got the love that drives me crazy,

I gotta let the world know,

(Hey) she's my shawty,

(Hey) she's my shawty,

She's my shawty,

The only one I call my baby.

She came along in time to, save me,

I'm letting all the girls know,

(Hey) she's my shawty,

(Hey) she's my shawty.

I gotta tell,

I gotta tell,

I gotta tell,

I gotta tell,

Black Boi:

(Yeah)

Yeah she is my shawty,

Got me going crazy,

Make a player wanna hang it up and call her baby.

I just can't explain it,

Thinkin' 'bout her lately,

L.O.V.E.

Love me got me feelin' so amazin'.

Oh yes lil mama,

I promise lovin' and only in love with you,

(Haha)

I prolly gon have a baby or to marry you.

(You)

You, listen to me boo,

(Boo)

You know you my girl,

Oh no, wait I take that back

'Cause you're my world.

She's my shawty,

The only one I call my baby.

She got the love that drives me crazy,

I gotta let the world know,

(Hey) she's my shawty,

(Hey) she's my shawty,

She's my shawty,

The only one I call my baby,

She came along in time to, save me,

I'm letting all the girls know,

(Hey) she's my shawty,

(Hey) she's my shawty.

She's my shawty, (She's the only one I trust,)

The only one I call my baby. (the only one I love,)

She got the love that drives me crazy, (the only one
that's got my back.)

I gotta let the world know, (The only one I'm with,)

(Hey) she's my shawty, (I'm shakin all my chicks,)

(Hey) she's my shawty, (the only one I'll never leave)

She's my shawty,

The only one I call my baby,

She came along in time to, save me,

I'm letting all the girls know,

(Hey) she's my shawty,

(Hey) she's my shawty.
