Tell me why we gotta go through this again
well i guess that you've been talking to your friends
cuz you're accusing me of things that i haven't done
what i was doing at the club was just having fun
u said she saw me leave the spot with another one
now why would i do that

now she must have mistaken the time that she saw me
leave
cuz i was rolling with my boys so the dude she saw
wasn't me
you will believe what u want but its plain to see
that your friends just want to come between you and
me
don't believe in what they say cuz its jealousy
girl cant u see that

CHORUS

girl u should know by now im not that type of guy
cuz i changed my ways when i found you
just put your trust in me don't let them tear us apart
girl u should know and understand

listen to your man

now we done made it this far your friend said we
wouldn't last
i used to roll with a black book but that was all in my
past
now ive given up the game just to be with u
even my homies cant believe it but girl its true
cuz i finally found someone i can call my boo
girl u should know that

tell my why your heart is filled with so much doubt
cant believe that everytime im gone u think id be
playing u out
don't be believing all the things that people say ur the
only girl i kick it with everyday
tell me why the hell would i throw it all away
why would i do that

please believe me when i say no one else can take your
place
cant let the haters try and tear us apart
girl ur the only one that holds my heart
