Nobody's gonna love you like I did
Nobody's gonna kiss the way I kiss
Nobody's gonna play the fool for you
Nobody's gonna love you like I do
Nobody's gonna spend the way I spent
Nobody's gonna love you till the end
Nobody's gonna play the fool for you
Nobody's gonna love you like I do

Now since you've been gone girl I've been doing so
good
Stackin that paper you know I made it out the hood
But still I find you being on my mind and I just wanna
let you know
I heard you got a man but can he do it like me
Give you that lovin and take care of you like me
Can't you see I got what you need nobodys gunna give
you more

Girl it's crazy you were my baby
I shoulda never let you go
And no other can do it better
And your gonna see

Nobody's gonna love you like I did
Nobody's gonna kiss the way I kiss
Nobody's gonna play the fool for you
Nobody's gonna love you like I do
Nobody's gonna spend the way I spent
Nobody's gonna love you till the end
Nobody's gonna play the fool for you
Nobody's gonna love you like I do

Now we've been friends kickin it since we back in high
school
There ain't nobody that knows you better then I do
You can try, but you'll always find that there's no gettin
over us
I know we both said some things we didn't mean to
But let's just put it behind us girl I ain't mad at you
What we had, can we get it back cause there's no point

in wastin time

Girl it's crazy you were my baby
I shoulda never let you go
And no other can do it better
And your gonna see

Nobody's gonna love you like I did
Nobody's gonna kiss the way I kiss
Nobody's gonna play the fool for you
Nobody's gonna love you like I do
Nobody's gonna spend the way I spent
Nobody's gonna love you till the end
Nobody's gonna play the fool for you
Nobody's gonna love you like I do

Nobody, nobody, nobody, nobody
Can ever do it better
Nobody, nobody, nobody, nobody
Cause we belong together

Girl it's crazy you were my baby
I shoulda never let you go
And no other can do it better
And your gonna see

Nobody's gonna love you like I did
Nobody's gonna kiss the way I kiss
Nobody's gonna play the fool for you
Nobody's gonna love you like I do
Nobody's gonna spend the way I spent
Nobody's gonna love you till the end
Nobody's gonna play the fool for you
Nobody's gonna love you like I do
