Ye, see what we gon' do now.
(Rock with the beat
Rock rock with the beat.
Rock with the beat
Rock rock with the beat.
Rock with the beat
Rock rock with the beat)
Everybody say La, la la la la la
La, la la la la la La, la la la la la la
Yeah!

Thank God I finally found someone to tie me down,
Switching this life around, making me fall so deep.
I just can't get enough, shawty got me so smooth
She got me so many things I don't DO and it's
So fine, from her face to her body.
So right, and I got she's a hottie
Uuh, got to keep my cool when she's around
So right, hand on hand keep on walking
And I, let them fuzz keep on talking.
I know all it's OK, cause she's with me.
Everywhere she goes, the fellas lose control
But I ain't even met, at all
Cause she's my girl, my girl.
I'm the lonely guy she comes home to everynight.
So, I don't even mind, I know
That she's my girl.

(Rock with the beat

Rock rock with the beat).

Them players trying to take you away from me,
But it don't bother me
Cause I do know she won't go.
No doubt she got my back, I'll give her what she needs
I'll take her anywhere, over seas, jumping speeds.
So fine, from her face to her body.

So right, and I got she's a hottie
Uuh, got to keep my cool when she's around.
So right, hand on hand keep on walking
And I, let them fuzz keep on talking.
I know all it's OK, cause she's with me.
Everywhere she goes, the fellas lose control
But I ain't even met, at all
Cause she's my girl, my girl.
I'm the lonely guy she comes home to everynight.
So, I don't even mind, I know
That she's my girl.

She gives me good love, and sweet love makin'
People all together like blossom Rachel
All your haterts try'n taking from me
But she already said I'm a her only.
Oh, yeah she got my back
This time I'ma find you my own
You can touch my glow, but you'll never find
Another shawty like mine.

Everywhere she goes, the fellas lose control
But I ain't even met, at all
Cause she's my girl, my girl.
I'm the lonely guy she comes home to everynight.
So, I don't even mind, I know
That she's my girl.
