Hey

Hey

I woke up one one night and it hit me, you were gone

(You were gone)

Now I'll be the first to admit that I was wrong

(I was wrong)

'Cus I never made time when I pushed your love away

And it's killing me, 'cus now it's to late

Hey

Since you been away, it's got me all messed up

(All messed up)

'Cus I couldn't find another girl, I could trust

(I could trust)

If I had you here I'd know what to say

'Cus I finally realized my mistakes

If I could do it all over again

I would go back to the time we were friends

Making love over and over again

And I wouldn't let go

'Cus without you girl my heart is so cold, cold

My heart is so cold, cold

My heart is so cold, cold

My heart is so cold, cold, cold, cold

Hey

I can do what I want now, stay out every night

(Every night)

I'll be at the club comin' home anytime I like

(Anytime I like)

But, I'm tired of spendin' nights all on my own

And, without you girl this house ain't a home

You got me reminiscing all the time

Wish that I could press rewind

Go back to the last five

I just want to make it right

Hey

Now, I was foolish girl, to ever let you go

For what it's worth baby, I want you to know

If I could do it all over again

I would go back to the time we were friends

Making love over and over again

And I wouldn't let go

'Cus without you girl my heart is so cold, cold

My heart is so cold, cold

My heart is so cold, cold

My heart is so cold, cold, cold, cold

Don't know what to do

(Do)

Things just ain't the same

(Same)

Girl, I ain't been right since you took your love away

(Away)

Still got your picture, on my phone

How I wish that, you would call

So, I could say

If I could do it all over again

I would go back to the time we were friends

Back to the time

Making love over and over again

And I wouldn't let go

Cause without you girl my heart is so cold, cold

Do it all over again

If I could do it girl

I would go back to the time we were friends

Do you remember?

Making love over and over again

And I wouldn't let go

My heart is so cold, cold, cold

My heart is so cold, cold, cold

My heart is so cold, cold, cold, cold
