Wahooo ohh yea

Girl tell me why you be coming back after all this time
Lately you say I'm the only thing that's on yur mind
(yea)

Don't you remember that it was you who broke me
heart

I just want you to understand, the boy you left is now a
man

[hook:]

Cus I would
I would leave the earth for you
I would
Do nething you ask me to
And now, you say you all confuse
Girl I'm tired of being use

[chorus:]

Baby my sunshine turned to rain (every since you
walked away)
Girl ever since you left me it's not been the same
I don't know what to do
Cus my heart felt so use
Wahoo missing you missing you missing you,
Missing you missing you missing you

Girl tell me what ever happened to the plans we made
(but you didn't want it babe)
Or was it all jus a waste of time
You should have stayed
It's kinda funny how now you got so much to say
Girl I did everything that you wanted
But you turned and walked away

[hook:]

Cus I would
I leave the earth for you
I would
Do nething you ask me to
And now you say you all confuse

Girl I'm tired of being use

[chorus:]

Baby my sunshine turned to rain (baby since you
walked away)
Girl ever since you left me it's not been the same
I don't know what to do
Cus my heart felt so use (I was so in love with you girl)
Wahoo missing you missing you missing you,
Missing you missing you missing you

Tell me where were you
Wen I couldn't sleep at nite, how I held my pillow tight
I felt such a fool
There's nuthin left to say
Girl the love that we had, just fades away (oh yea)
Baby time makes me strong (yea)
Girl I'm movin on

[chorus:]

Baby my sunshine turned to rain (can somebody tell
me why)
Girl ever since you left me it's not been the same (girl
it's not been the same)
I don't know what to do (girl you were my world)
Cus my heart felt so use (felt so use baby)
Wahoo missing you missing you missing you, (oh I'm
missing you)
Missing you missing you missing you

Baby my sunshine turned to rain (baby my)
Girl ever since you left me it's not been the same (it's
not been the same)
I don't know what to do (girl you got me goin crazii)
Cus my heart felt so use (said I don't know)
Wahoo missing you missing you missing you, (from
missing you)
Missing you missing you missing you
