Well I heard she flew down to the Mountain City  
He said that's not what I heard I hear she went higher  
She depended on her friends to tell her when to stop it  
To make a statement this is me talking to you  
Like Alice through the Looking Glass  
She used to know who she was  
Call out my name call out my name  
But I get no answer she prays  
Better run for your life cried the Mad Hatter  
Alright said Alice I'm going back  
To the other side of the mirror I'm going back  
Oh no, you cannot tell a gypsy ooh, that she's no longer  
a member  
Become a deadly weapon now along with everything  
else  
Oh call my name  
Like Alice through the Looking Glass  
She used to know who she was  
Call out my name like Alice through the Looking Glass  
but I get no answer she used to know who she was  
And she prays for the world that she comes from  
Each had their own charm  
Buried beneath a solid piece of armour or a steel  
plated vest  
Some carry a stiletto in their garter along with  
everything else  
that they carry oh, call my name  
Like Alice through the Looking Glass  
She used to know who she was  
Call out my name like Alice through the Looking Glass  
But I get no answer (she used to know who she was  
And she prays for the world that she comes from  
Alice! call my name  
Ooh run for your life said the Mad Hatter  
Alright said Alice I'm going back to the other side of the  
mirror  
This is me talking to you well this is me talking to ya  
Alice Alice
