Every road  
Every road  
Every road  
Every road  
Every road I walk  
I want to walk with you

You know everything  
I can't hide from you  
Show me while I'm here  
There's more that I can do

Every road  
Every road  
Every road  
Every road  
Every road I walk  
I want to walk with you

Take all that I have  
Let me learn to give  
Lead me to your door  
I'll change the way I live  
(I'm gonna change the way I live)

Every road  
Every road  
Every road  
Every road  
Every road I walk  
I want to walk...  
Every road I walk, oh I'll walk with you - only you  
Every road  
Every road  
Every road  
Every road  
Every road I walk  
I want to walk with you
