It's only a dream...

Outside the rain
The heart skips a beat
So you're lonely
Creature of the night
It's been almost a week
Could you love me only

Look at me for a very long time
Long enough to know
Love is a word I've been trying to find
Words don't matter
They don't matter at all

So you're still lonely
You say that it's been forever
Maybe you never knew me
Maybe you thought that'd never change -
But you know I'm changing
You're wrong
And it's been like dying
No love's that hard to find
I'm tired of trying

Maybe it's only a dream
I don't want to feel that
Well it's one more link in the chain
I don't believe that

Outside the rain
And the heart skips a beat
So you're lonely
Creature of the night
It's been almost a week

Look in my eyes
Touch my face
Baby, there's no one
That can take my place

Look in my eyes, touch my face
Baby there's no one that
Can ever replace that heartache
Take away that heartache

Love is a word that some entertain
If you find it
You have won the game
