Somewhere out in the back of your mind
Comes your real life and the life that you know
It seems like it was the creation of some of those same
old things
It seemed to be the only thing left out in the light
She had trusted many
But been unfamiliar with
Almost everyone but you
Well maybe I'm just thinking that the rooms are all on
fire
Everytime that you walk in the room
Well there is magic all around you, if I do say so myself
I have known this much longer than I've known you
She had trusted many
And then there would be someone who would enter into
her presence
That she could sense for miles
She dreamed of her wanton luxury
And she laughed and she cried and she tried to taunt
him
And he hated to be separated
From that picture No
Well maybe I'm just thinking that the rooms are all on
fire
Everytime that you walk in the room
Ooh, well there is magic all around you, if I do say so
myself
Well I have known this much longer than I've known you
Long nets of white cloud my memory
Long nets of white cloud my memory
Ooh there is magic all around you
Everytime you walk in the room
Well maybe I'm just thinking that the rooms are all on
fire
Everytime that you walk in the room
Well there is magic all around you, if I do say so myself
Well I have known this much longer than I've known you
