You could be my silver spring
blue, green colors flashing
I would be your only dream
your shining on ocean crashing
And did you say she was pretty?
And did you say that she loves you?
Baby, I don't wanna know
I begin not to love you
turn around, see me runnin'
I said I loved you years ago
telling myself you never loved me
no..

And did you say she was pretty?
And did you say that she loves you?
Baby, I don't wanna know
oh no..

And Can you tell me was it worth it
really, I don't wanna know
Time cast its spell on you
but you won't forget me
I know I could've loved you
but you would not let me
(music)

Time cast its spell on you
but you won't forget me
I know I could've loved you
but you would not let me
I'll follow you down to the sound
of my voice that haunts you
you'll never get away from the
sound of the woman that loves you.
(repeat)

(Was I just a fool?)
You'll never get away from the sound
of the woman that loves you
(Was I just a fool)

I'll follow you down to the sound
of my voice that haunts you
(give me just a chance)
(you'll never get away)
(repeat 3 times)

You could be my silver spring
my blue,green colors flashing.
