Even when the warning is
Even when the warning is

So where have you gone
Have you gone so far from the eyes that
Speak trouble and even when the warning is
Overwhelming

Well it's hard to hide from
Eyes that are all over you
That only some
Make you lose your composure

"Well it's hard on my heart"
Said, "Well open your eyes"
"Yeah, it gets harder every day"
Said, "I need to know now "

Soon you will be gone
Take your violet and blue
Mornings with you

Ooh woo ooh ooh
Ooh woo ooh ooh

So you hide out
Like you think that you never left
Tried to tell him that his heart is in his hands
Ooh, yes

"Well it's hard on my heart"
He said, "Open your eyes"
"Yeah, it gets harder every day"
He said, "I need to know that"

Soon you will be gone
Take your violet and blue
Mornings with you

Ooh woo ooh ooh
Ooh woo ooh ooh

Ten thousand times
Oh I tried to tell you
When you close your eyes
Well I can't see inside you
With the touch of your hand
Well it starts again
Whoa yeah!

Every though the warning is

So we both play
It gets under your skin
And we both the love the road
But the roads are different

"You know it's hard on my heart"
Ooh, he says "open your eyes"
"Yeah, it gets harder every day"
He says, "I need to know"

Soon you will be gone
Take your violet and blue
Morning with you

Ah ha ha-uh
Ooh ooh ooh
Ah-uh

Take it with you ah-uh
Take it with you ahuh
Take it with you baby
Ooh take it with you ah!

Ooh ooh ooh ooh

Make you lose your composure
Ooh, it's overwhelming
Make you lose your composure
Oh, it's overwhelming
