Kissing and caressing  
Witnessed by the stars and moon  
Falling for you indigo  
I'll be here when you go  
We danced in every room  
The music felt so good  
We loved, yes we were fools

Letting go  
I'm letting go  
Letting go, I'm letting go  
Letting go, I'm letting go  
Letting go  
I'm letting go

Once concealed now revealed  
Without secrets we could heal  
I once thought we were touch-and-go  
Now we laugh 'til tears flow  
Caress I feel you here  
You dance and toss your hair  
We loved, yes we were fools

Letting go  
Letting go, I'm letting go  
Letting go, I'm letting go  
An angel we all know  
I'm letting go  
I'm letting go

We danced in every room  
The music felt so good  
Once concealed now revealed  
Without secrets we could heal  
I once thought we were touch-and-go  
Now we laugh 'til tears flow  
Caress I feel you here  
You dance and toss your hair  
We loved, yes we were fools

Letting go

Letting go, I'm letting go  
I'm letting go  
Letting go

Falling for you indigo  
I'll be here when you go  
We danced in every room  
The music felt so good  
We loved  
Yes we were fools

Letting go  
I'm letting go  
I'm letting go
