You feel the pain,  
Teaching us how much more we can take,  
Reminding us,  
How far we've come.  
Let the pain  
Burn away from our hearts  
We have time to start all over again X3

But if you would shine your love down here (oh),  
And make our hearts as perfect as new.  
Oh if you would shine your love down here (oh),  
I promise i'll reflect it right back at you.  
Oh i promise i'll reflect it right back at you.  
Oh i promise we'll reflect it right back at you.
