I'll take care of you
Have faith that when you call my name I'll be there
It was a straight-faced lie I believed
It was a straight-faced lie you would ever leave me
So for now I'll keep believing your words
Soon enough my strength will return
Let me draw the blinds for you
You can watch the sunset from the bed in your hospital
room
Until you're sleeping
and I'm sure that I don't understand how I found a love
so pure
Don't lift a finger let me show you the only way to let
this go
Don't lift a finger let me hold you here until the pain is
all gone
