I'm alive. Can you feel it deep inside?
Cuz I'm alive. Can you feel it deep inside?

As my blood has turned to dust
And all has died that I have trusted
I no longer want to be here now
I can't deny
I've tried to die

But I'm alive. Can you feel it deep inside?
Cuz I'm alive. Can you feel it deep inside?

I know you as I know my pain
And my betrayal was the same
Cuz all we needed then was just a lie
I can't deny
I tried to die

But I'm alive. Can you feel it deep inside?
Cuz I'm alive. Can you feel it deep inside?

As my blood has turned to dust
And all has died that I have trusted
I no longer want to be here now

But I'm alive. Can you feel it deep inside?
Cuz I'm alive. Can you feel it deep inside?
But I'm alive. Can you feel it deep inside?
Cuz I'm alive. Can you feel it deep inside?
