I'm using life
It's true, I don't mind if you leave
You're fated, I'm always relieved
I hope you understood the words unsaid
So many rooms inside my head... (too many different places)
Sometimes I'm dying to be dead? (too many lovely faces)
It's like a poison to me?

I ain't what you see
I'm too scared to be
Won't you set me free?
Leave it all to be

I, I, i, I won't pretend
I'm not scared to death of being left alone
My love for you is still unknown
I'm getting closer and I use my while
I crack the liars smile? (I won't just live my life to die)
I'm getting high from being vile? (there is no use to ask me why)
It's like a poison to me?

I ain't what you see
I'm too scared to be
Won't you set me free?
Leave it all to be

(I see you drowning in my eyes)
I crack the liars smile?
(I won't just live my life to die)
I'm getting high from being vile?
(There's no use to ask me why)
It's like a poison to me?

I ain't what you see
I'm too scared to be
Won't you set me free?
Leave it all to be

I ain't what you see
I'm too scared to be

I ain't what you see
I'm too scared to be
Won't you set me free?
Leave it all to be
