I took a trip on a train
And I tought about you

I passed a shadowy lane
And i tought about you
Two or three cars parked under the stars
a winding stream
Moon shining down on some little town
And with each beam same old dream

And every stop that we made
oh I tought about you
but when i pulled down the shade then i really felt blue
a peaked throug the crack and looked at the track
the one going back to you
and what did i do I tought about you

I, took, a trip, on a train and thought about you
I passed a shadow weaked lane and i thought about
you
two or three cars parked under the stars, a winding
stream
moon shining down o some little town and with each
beam same old dream
and every stop that we made, oh i thought about you
but when i pulled down the shade then i really felt blue

I peak thoug the crack and looked at the track
the one going back to you
and what did i do lord, I thought about you
