[E.J.]

Yeah

Baby, come inside

[Verse 1: Dominator]

I got many names, I go by

Don't know why

I'm so fly

So many people know me

Hop and ride

A long time

Your poppa might consider an

Illegal problem

But I know a lot about problems, and I know how to
solve 'em

I just wanna thank you, girl

For sticking by my side

And paying for me, everytime, and every time, and
every time

Sometimes, I get exclusive

But that's alright

Cause I'm always tryin' real hard to stimulate your mind

Can't nobody do you like I do, when we go through

The places that we go to

I know you

I love you

Let's go, tonight

Me and you

Sharing with your friends

Whatever you wanna do

I'm make them forget

And make you, too

Forget all your problems, that you go through

I'm known to make a woman sprung

Addicted to my love

I got you high up in the spa, havin' a lot of fun

Chorus: E.J.

When I think of you, it makes me feel so high

Think about you and me

Won't you come inside

Why can't we just chill it
On our own, yeah
You and me
When I think of you, I just can't say goodbye

[Verse 2: Don Cisco]

Ain't nothing better than
Me and you, little mama (Little mama)
Being G.I. Joe, you can be my Mary J. Drama
The name is marijuana
Or Mary Jane, for short
And I love smokin' dank
Like I smoke me
When I'm bored
Breakin' laws, just to take a hit
Real kids
Call me Santa Claus on the 25th
Everyday's like
Christmas when I shoot this gift
And
I don't need visine for this
Like Mr. Mik, I'm so refreshin'
Just one kiss to slow your stressin'
Twist one and let's hold a session
I'm a peeps player's focus, sex, I'm smokin'
Hocus pocus, feeling worth a million, to the richest,
that I poke this
With swisha sweets cracked open
Smell the 'urple
Keep it movin' in a circular motion
Now welcome to the urban mind of a poet
With certain
Highs as the first, smoke it, instead of sippin' Moet

Repeat Chorus

[Verse 3: Dominator]

Oh, oh, oh
Oh
Open up
Let me in
Let me come inside
We gon' get real freaky, do some kinky things tonight
When we done, doin' what we do
It's up to you
You got the munchies, I'm thirsty, you hungry, let's get
some food
Then we'll do it all over again, invite some friends
Nothing but women
And this the life that I be living
I

Keep people happy
Keep rappers rapping
Let people focus, get creative, keep the worse from
being wacky
I can entertain a party by myself, don't you know
To your girls at one time, laughing at all my jokes
So everybody knows who I am
Everybody knows I'm the man
And I've been reincarnated, always come back as a
plan
You think I'm crazy
Don't even know my name
Say I played too many games
Roll it, go { *phfft* }
And I'll give you a head change
Oh, baby, you know me, I'm your lifetime homey
I'll be with you forever
Until you being oldie

Bridge: E.J.

Love it when you make me high
Feel so many good times left in you and I
I love it cause you're in my life
No matter what happens, we'll still keep it packed in my
life
You so fly, can't deny
You're on my mind like everytime
Make me do what I do
Baby, I feel sprung with you

Repeat Chorus Twice

[E.J.]

I can't say goodbye
I can't say goodbye
No
