[Spoken Intro]

In this there is no teacher, no pupil  
There is no leader, there is no guru  
There is no Master, no Saviour  
You yourself are the teacher and the pupil  
You are the Master, you are the guru, you are the  
leader  
You are everything  
And to understand is to transform what is

I know that what's in front of me  
Is a reflection of what is inside of me  
And I see I need to be myself  
'Cause it's so lonely in the eyes of someone else  
And I feel, oh how I feel  
Yeah I feel and I always will  
I starve to live free from fear  
To free myself before I disappear  
I am forever more than just surviving  
This is my life and this life is my diamond

My time, your time, our time is running out  
My time, your time, our time is running out  
My time, your time, our time is running out  
My time, your time, our time is running out
