[Lateef]
Often as I can
Playing fools like a violin
Or a cello
Any ways you goes I'm mellow
Give me the microphone and I'll go solo
Accapello
Accapella
It doesn't matter I'm the badder rapper
When I get my mark movin'
It's like chatterin'
Crazy
Want to strain them hard
Now I maintain the pain on these peops
And I beaugard through
You wanna hear another rapper that's better than me
That ain't happening no time no un uh ah
You know that I know that he know
That the Solesides crew is showing our libido
High and we suck mo'fuckers brains like a mosquito
We introduce the
Inception and
Ten pitches and the inflection is augmented indeed
Now I've got to give 'em my selection
Woohooo
Sometimes I need to take a breath but
At the same time in times I've got to profess
My love for the thing that I do
I strip the flow down naked and I go for mine
Break it in two
I got lyrical styles
I got lyrical flows that Ima do for you
At every show I conclude and that's
How I'm rockin'
From now until the time when
I'm shocked and that's never so listen now
My endeavor is this right here it's
House and peops to my man Cardia when he's near
It's like that I show no motherfuckin' fear
Upon the mic hear hear me now clearly ya'll
It's a long ass motherfuckin' time

Woo

That's all I seen that's all I saw

{Goodie Mob's "Cell Therapy" beat}

It's like this

The score is even

Now

We goin' deep indeed

But this ain't the jungle

It's just me up here weanin'

People want to hear it indeed

So I proceed to enter the flow so

That's where I go

I try to do it as often as possible

But now

Since I'm colossal and responsible

Nowadays I sway the crowd from left to right

All the fuckin' time I come tight

Wanna hear some more rhymes I might

Stick a few for you and your crew and you wanna hear
and I'm Joe

Delightful

It sounds

I'm pure and

This is high

Ensure that

I'm gonna come off

I look into my mind's eye and never come soft

It's raw and the roughest toughest shit you ever heard

I bust you straight outta the Lair-a-nyx

It comes at you quicker than

Flippin' shit like Mister Pitts

Then, but now I'm Batman and smarter than the rest of
'em

I'm not Catman indeed

I rock from here to Catmandoo

And I got to say peace to my peops from the O-A-K

L.A. and D and see me on the motherfuckin' TV

Not never

I'm too goddam clever

I sever off all the heads off whack motherfuckin' A & Rs

But now on the soft tip I rock shit

These stars and

What the fuck is mental planes and

Gimme the beat one time so I can maim and kill

Like my mom told me to do

But I build with my folks

When we chillin' and we smoke

And we watch the Warriors

Runnin' holies as a team and I'll provoke

{fades}
