Let me call this nigga  
Come on man, pick up the damn phone  
Hello

I got your pictures, damn, we look just alike  
A younger version of me, half my age and height  
I played, 'Beat you up', made you tough, taught you to fight  
Put you on, showed you things, put up your first bite  
Now you on the streets making the same mistakes I did  
That got me nowhere, so I'm trapped upstate in this bid  
Caged like an animal ain't no way to live  
Got a baby on the way, who gone father my kid

Where you going now I can clearly see  
You either going in a [Incomprehensible] or in jail with me  
Remember when we was younger and you promised me  
You be the first in our fam with a college degree  
I know you see the cars, the girls, the clothes, the jewels  
And think it's all about the money, heard you dropped out of school  
I ain't trying preach but if I don't, who gonna  
Couldn't live with myself if you died on the corner  
You're my baby brother

You are my baby brother  
And you know I love you nigga  
I'm just trying to keep you out there  
You don't want to end up in here

I hear what you saying big brother, but listen to me  
I ain't trying to be the nigga working Mickey D  
When I can hustle on the block and come home with a gee  
Yeah, you right I want jewels and push a luxury V  
But what's wrong with that, I wanna love comfortably  
Just like the next man driving 'round the hood in my Lex Land  
I ain't got nobody taking care of me

And as far as a school, well, it just ain't for me

So what you wanna do?

What? You gone sell drugs all your life?

I might

You see, you ain't even right

Maybe when you sober up your ass to see the light

Hold up, this is my life, I live it anyway that I like

Yo, look I'm just trying to help

You know all you want to do is get blunted

I need money, my wifey got a seed in her stomach

If you can't see the cycle then you must be blind

And your child getting a father that was just like mine

You're my baby brother

You are my baby brother

And you know I love you nigga

I'm just trying to keep you out there

You don't want to end up in here

So is you like that, I mean what's the deal?

Don't you too worried about trying to keep it real?

Man whatever, this is how you feel then this how you feel

And yo, what's this I hear? You had a gun concealed

Yeah, I keep my nine

You know what, let me speak my mind

Look at you, you can't talk, nigga you doing mad time

Yeah, look at me, this is how you wanna be

Locked up, the cops tell you where you can pee

I got to go, man

Oh, you don't even want to hear me out?

Yeah, but you talking mad shit I don't even care about

All I saying is that you got to be more responsible

Aight man, whatever, I'ma talk to you

Yo, yo, damn

He gone end up just like me

You are my baby brother

And you know I love you nigga

See, I'm just trying to keep you out there

If you don't want to end up in here

You are my baby brother

And you know I love you nigga

See, I'm just trying to keep you out there

If you don't want to end up in here

You are my baby brother

And you know I love you nigga

See, I'm just trying to keep you out there  
If you don't want to end up in here

My baby brother  
All I got  
You're all I got
