Come here girl

No more stunts no more lies, no more bitches in my  
ride  
No more all night parties all leave it behind  
No more freaks living right, no more drama in the life  
From now on it's me and my lady just me and my baby

It starts going on tour the first time  
Imagine the thoughts going threw a young rappers  
mind  
Knowing your mine and couldn't give a fuck if you  
leaved  
Things I did its hard for my self to believe

That that I'm sitting back thinking about smoking these  
trees  
Girl you right I'm damn near ruined your life  
The only one that was there at the end of the night  
My vision was wrong guess what my bitch is gone

And you don't want me now that's why I'm flipping this  
song  
Ignoring my calls daily fuckers you trying to scare me  
Talking on the machine acting like you you can't hear  
me  
Thuggin' it out to much I think its rap

Sending you gifts but god damn you sending them  
back  
Killing myself like I ain't got know prize  
Seeing your your face every time I close my eyes  
Damn girl don't let this be the end of the ride

No more stunts no more lies, no more bitches in my  
ride  
No more all night parties all leave it behind  
No more freaks living right, no more drama in the life  
From now on it's me and my lady just me and my baby

I've been around the world seen the best of woman  
Bitches liking my style I guess it's the thug in them

I'm just living my life with no time to talk to them  
Tired of dissing my wife 'cuz niggaz we all do it

Hoes calling my cell you cursing about crazy  
Got to know that you hate me probably ready to snake  
me  
Like pulling up to the club one night  
In my Benz with your friends and about to get right

Them birds they got nerve filling my mouth with words  
Telling you that I don't car all night they in ya ear  
Fuck what am I suppose to do, I'm miles away from  
home  
Heard in your voice your feelings over the phone

Those nights we had fights I tried to keep it calm  
Throwing my shit outside on the front lawn  
I ain't want when I had you now I need you that your  
gone  
Damn girl

No more stunts no more lies, no more bitches in my  
ride  
No more all night parties all leave it behind  
No more freaks living right, no more drama in the life  
From now on it's me and my lady just me and my baby

Just me and my baby  
Just me and my lady
