 DŸÑ€D,D¿DµD²:

- I want all of us to split out, maina, maina, with the cool chicks from Ukraine, maina, maina [we call "maina" a person who's from the city of Plovdiv. Apparantly, Vanko 1 is from Plovdiv]
 - to dance for us on the pole, maina, on the party to shake up the silicone, maina
 - I am here, maina, who cares, maina, I represent the Plovdiv show-offs, gusto, maina
 - look at me well, and remember me, Vanko 1 is my name.
- Only my Rolex costs 18 large, greens my Benz costs 100 large greens, women are fixed on a line, maybe that's why you hate me so much
 - I'm not kidding, I don't wanna yell, do you believe me or no, I won't ask you
- Glasses Gucci, costume is Armani, perfume Goutien we're with all the coll ladies, but I also have two bullet wounds from the stupid sh*t cops.
 - In your eyes I'm bad, but I have money, watch me how I'm living and die from anger

DŸÑ€D,D¿DµD²: /2/ [see above]

t catch me

- All know that they're tapping my phone, even if they burst they can't kill my party.
- I'm with the people and people are with me, you prohibit me - die you miserable moron.
- you do everything so that money will run away from me, so that's why I'll tell you - in the mouth of your mother.
- From Plovdiv, Sofiam Vienna and Paris, the woman with the cabriolet come and see me now
 - then I go on vacation in Hawaii, I only say bye bye to the morons.
- I'm a show-off to the marrow, you ask me where I've been - all over the place, now I'm tell you what's my dream - on the moon, with the car, to drive woman woman.
