Time rolls by and haven't you figured  
Out that I've been here for far too long  
Without any air to breath  
Conasequently things aren't going my way  
And it's not that hard to tell  
Cause I've spent the last 3 years throwing my life away  
And now my expectations are blown  
And my thoughts of one day coming home  
Will have to wait a little longer

It's been forever since we last spent time together  
Do you recall, I gave you a call  
Do you remember the things we did together  
Sitting under the stars  
Can you feel me in your heart?

Here and now I lay my own life down  
I hope that this will suffice as a sacrifice to You  
I've tried this on my own before  
I realize now that there's so much more  
That I can never obtain  
I need You more than You need me  
Darkness breaks to give way for a new day  
I'm slowly fading away  
Into your arms
