Just stop this ride because
You take me round and round
Just leave me dizzy for today
I'll get my bearings back
And keep myself intact
You thought you had pushed me away right now

And did I tell you that I met a ghost
And did I tell you that I heard the most
She told me everything about you...
It's easier with history,
But we still have the mystery
Just tell me everything about you...

So long tonight,
It's taking me forever
And we're out of time
So long tonight,
It's taking me forever
And we're out of time

Is this the time and place
Or am I just off my face?
That never scared you away
Fitness is everything
I've got so much more to give
Something's been happening today...

And did I tell you not to make a scene?
If I did, then don't believe a thing
Driving's always been a best way

So long tonight,
It's taking me forever
And we're out of time
So long tonight,
It's taking me forever
And we're out of time

So long tonight
It's taking me forever
And we're out of time [x4]
