Lay your head on my shoulder

Feel my body keep you warm tonight

You're the child, I'm the cradle

Let me be your shelter, 'til the morning light

So baby won't you just...

Cry, baby cry

Let the tears from your eyes

And break these chains that have been

Keeping you prisoner all these years

Won't you just

Cry, baby cry

Let the tears from your eye

Fall to the ground where they belong

With the other faded memories

Won't you just cry

So you think it makes you stronger

Keeping everything you feel inside

Don't be foolish any longer

Let the mountains crumble, let the rain fall

And baby won't you....

Cry, and let the rain fall, let your heart grow

Just let it go, won't you cry, cry

Cry, let the rain fall, let your heart go

Just let it go
