Well baby come and let me take you out tonight  
Where the music is a pumping and the lights are bright  
When the whistle blows and the workdays' done  
We gonna get the party started and have some fun  
I'll meet you after midnight baby don't be late  
Down around the corner at the Empire State

The kids are getting down up in the Bronx tonight  
Times Square is lit up like it's broad daylight  
They're kickin' out the jams down in ol' Bay Ridge  
The joint is really jumpin' on the Brooklyn Bridge  
All the hippies hangin' down on Avenue A  
Put your red dress on yeah we're on our way

New York  
New York is rockin'  
New York  
New York is rockin' tonight

Well Sinatra's singing 'bout those little town blues  
Baryshnikov is putting on his blue suede shoes  
Bird is boppin' down on Fifty-Second Street  
The Ramones at CBGB's got 'em on their feet  
Pavarotti's playing up at Carnegie Hall  
Yeah everybody's swingin' and havin' a ball

They really got it shakin' in Jamaica Queens  
Wall Street is dressing up in old blue jeans  
They're jumpin' at the Garden for the New York Knicks  
The Islanders and Rangers go their hockey sticks  
The Bombers in the Bronx and the Mets at Shea  
The Giants and Jets are up and ready to play

The Staten Island Ferry's rockin' all night long  
>From Soho to Harlem hear 'em singing along  
The boys are steppin' out down on Christopher Street  
In Bed-Stuy they're rockin' to a new jack beat  
Well give our regards to ol' Broadway  
'Cause New York is rockin' and it's here to stay
