[Verse 1:]

She aint for me, You're the one I need
She was a model chick, pretty thick, in them jeans
Walking out the store on 25th, excuse me.
Can I tell you what my name is?
You look like the kind a girl I wanna get with.
She ask, what kind of car I drive.
I said the V12
The all white with the chrome and keep it detailed.
And I thought that she was the one for me
To please her I started actin' differently
But when I met you,
I felt like I could be myself
You, showed me lovin' like nobody else
You, I never had to ask for nothin'
You, with her it seemed like it was always somethin'

[Bridge:]

Now I know the choice that I should've made,
Should of been with you what else can I say.
So would you be with me?
I'll be yours eternally

[Chorus:]

She may have what I want
But your the one I need
She may look like them girls in the video
But you're the one for me
I used to think she was so fly
But if you ask why,
I'm with her couldn't tell you why
And its so clear to see
She aint for me, cause you're the one I need

[Verse 2:]

You told me before, I didn't listen
Said that she was playing around, but wouldn't pay
attention
I tried to make it look that we was doing fine,
I didn't wanna tell myself, I wasted so much time

[Bridge:]

Now I know the choice that I should've made,
Should of been with you, what else can I say?
So will you be with me?
I'll be yours eternally.

[Chrous:]

She may have what I want
But your the one I need
She may look like them girls in the video
But your the one for me
I used to think she was so fly
But if you ask why,
I'm with her couldnt tell you why
An its so clear to see
She aint for me, cause you're the one I need.

[Verse 3:]

From the bottom of my heart,
I will make a change, I swear I won't put no one else
before you this time
I wanna make a brand new start
So please don't walk away
I'm not in love with her, and all that really matters is
you
is you, is you.

[Bridge:]

She may have what I want
But girl your what I need
This girl is not for me
You're the one I need

[Chorus: x2]

She may have what I want
But you're the one I need
She may look like them girls in the video
But your the one for me
I used to think, she was so fly
But if you ask why,
I'm with her couldnt tell you why
An its so clear to see, she aint for me
Cause your the one I need.

She may have what I want
But you're the one I need
She may look like them girls in the video
But you're the one for me
I used to think, she was so fly
But if you ask why,
I'm with her couldnt tell you why

An its so clear to see, she aint for me
Cause you're the one I need.
