(lyric by Bounty Killa - Down inna Ghetto)
who give the gun dem, who give the crack
no-one to take the blame whoai !!!
who import the guns, and sell the cocaine
who innaculate the ghetto youths brain
who give the gun dem, who give the crack
no-one to take the blame whoai !!!
who import the guns, and sell the cocaine
who innaculate the ghetto youths brain

(Gorg)
Just how I looked them in Panama
I looked how them hold Antonio Noriega
But what if I send him a little ganja
This not a ganja that them really fraida
There is so much drugs in the America
A cocaine sold on every corna
So this not a ganja that them really fraida
Not a little ganja sansemilla
Now a days George double 'u' Bush
Wants to get Saddam into ambush
But what if we had send him some callie weed
So that Iraq would not have to bleed
It is not a joke
Just holly smoke
Alla this war would not have be invoked
Just put some peace into chalice
And nothing good is gonna be missed
