Barbed Wire surrounds my soul
My consciousness lies left behind
And I can feel he's how he's retaining me
Barbed Wire 'round every human being
Keeps me warm keeps me tight
So horribly frigth just like you
You just turn your head
cover your eyes
And I burn
You burn me like a book
Burn me as they would
Barbed wire breaks my skin
Makes me struggle makes me scream
But I won't hold back what I know
Barbed Wire makes believe democracy
Is freedom is justice for all
And my flesh starts leaving the bone
You just turn your head
cover your eyes
And I Burn
You burn me like a book
Burn me as they would
Barbed Wire's what I'm breaking through
Twisting and turning in pieces I get there
I cannot survive but the dream's still alive
Barbed Wire shows me real anguish
Destroys all I hoped all my dreams
But the fist remains raised
