I lived a life of ease
never said please
I always felt blessed
in the things i did
but now i'm getting wowed
i had to assert
that i'll rot in hell
for being a rebell
i could invoke him beg for my soul
and would go there anyway so you should be proud
cause i chose you
to be my redemption
oh die for me...
there is no other way
you've got to save my soul from this
be my CHRIST-----
your final loss
makes heaven my loss
let me nail you to the cross
let me nail you to the cross
and be my messiah---
You selfish coward
go go pray on your own
and if you don't
follow me i'll go alone
I have nothing to lose
nothing to fear
when i'm alone in here
but you don't leave me---
So I die for me there is no other way
i have got to save my soul from this
i'll be my christ-----
My final loss
makes heaven my loss
come on nail me to the cross
come on nail me to the cross
I'll be my messiah-----
