"The Kings Tears"

He weared his crown so long and brave
Now he's lying all in his grave
He saw his kingdom falling down
Tears sealed the finish line
Cause what is a king that doesn't pay
Doesn't pay the price
And still his tears are rolling down
It makes him looking just like a clown
now another man oh weares his crown
he really thinks it is his own
we call him Pierre and nobody
nobody takes him home
And still his tears are rolling down
It makes him looking just like a clown
Like a clown
