Every day
Our love grows stronger
We crave it
More than anything else
Can't hold on much longer
All the time we just tell ourselves
All our life we've been waiting
Hey!
We've been waiting for a chance like this
Come on darling
How about just a little kiss

Chorus
We desire the passion
We hunger for passion like lovers do
Love seems the fashion
Why is it we can't obtain love too

You can't imagine our feelings
They're off the deep end going for broke
It means making decisions
Better think twice is all they spoke
Who else can one turn to
Hey !
Who can you turn to for good advise
Making hard choices
Loosing your soul is a heavy price

Chorus

We feel our dreams are dying
We were born the other side of the fence
We're sick and tired of trying
Times like these
Faith don't make sense

Still can't play the piano
No one will teach us a single note
We are out there drowning
In an ocean trying to stay afloat
The rules seem to be changing

It's not just about the way we look
We still give inspiration
Now's not the time to close this book

We desire the passion
Hotels have complimentary shampoo
Love seems the fashion
Why is it we can't obtain love too

We desire the passion
Lost in silence without a clue
Love seems the fashion
Why is it we can't obtain love too
