When I reached out my hand
I found you waiting there
With pain so bad - I couldn't stand
You wiped away my tear

The time when your world turned black
I made sunshine out of night
And when you lost your way back
It was me that turned on the light

You and me - can't you see
go together just perfectly
You've got to concede
Come what may
We can't walk away
Don't walk away
Don't walk away
Your the pulse within the beat of my heart
You've got to believe
At the end of the day
We can't walk away

When I needed safe rest in arms
I found warm comfort there
Mistrust once took away my charms
Your love took away that fear

The time you had no where to turn
I lifted your spirits higher
And when your heart began to burn
It was me that put out the fire

Don't walk away
Don't walk away
Your the pulse within the beat of my heart
You've got to believe
At the end of the day
We can't walk away

You and me
Can't you see
Fit together just perfectly
You've got to concede
Come what may
We can't walk away
