I saw you, you saw me  
That's when I needed you  
you needed me  
I kissed you, you kissed me  
and thought forever yeah  
we'd always be  
Well I like you, you like me  
seems that we fit, so perfectly  
You make me feel worthy  
and I've let you take care of me

ohhh

\*chorus\*

We alright now  
gonna breakdown the breakdown  
Move from where we stand  
seen what we don't want to see

I love you, you love me  
oh but lately, somethings wearing on me  
I've been growing, I've been changing  
and seems like you're barley moving

oh

\*chorus\*

\*bridge\*

There is nothing that we can do to get past this  
Nothing you could have said  
baby please don't fret  
Our time has moved past us

I love you, you love me  
is it possible we love differently  
You need me, but I need to feel strong  
baby with out you

\*chorus\*
