Does anyone have anything to
Save me from this hell
That I've gotten myself into
There's something holding me
That I'm trying to come through
So help me move these stones
So this wall will come down

Hold me hold me close
I can't be abandoned
Even even now
I can't be abandoned

Now that I'm free
Everyone will see
That I can never be your lover (2x)

Your lover
I can never be

Does anyone have anything to
Save me from this hell
That I've gotten myself into
There's something holding me
That I'm trying to come through
So help me move these stones
So this wall will come down

Hold me hold me close
I can't be abandoned
Even even now
I can't be abandoned

Now that I am free

Now that I'm free
Everyone will see
That I can never be your lover (2x)

Your lover
I can never be

Your lover
I can never be
