He's held me for ransom
For far too long
Don't care how much it hurts
I'll find a way to escape

Point his weapon straight at my head
The sooner you pull the trigger
The sooner I soak it
The sooner I soak it all in, yeah

Take it from my steps
Take it from my words
Strip the images from my mind
Take the need to see from my eyes

I'll keep my foundation
I'll keep the tears
I'll share the bloodshed
You gave up for me

My hands have been bound
For far too long
I don't care about the pain
I'll find the means of escape

Point his weapon straight at my head
The sooner you pull the trigger
The sooner I soak it all in

Take it from my steps
Take it from my words
Strip the images from my mind
Take the need to see from my eyes

Take it from my steps
Take it from my words
Strip the images from my mind
Take the need to see from my eyes

I'll keep my foundation
I'll keep the tears
I'll share the bloodshed

You gave up for me

Resist this torture of, of the millions
The downfall of an age
The fuel of our skin
The end of something beautiful
