"To Make You Afraid"

Visit "[To Make You Afraid](#)" on MotoLyrics.com

How long since you've pulled?
How long since you've been hurt?
How long since you've pulled?
How long have you hurt?

To make you afraid, coming back tomorrow
To make you afraid, coming back for love
To make you all afraid, coming back tomorrow
To make you afraid, coming back for love
To make you afraid, coming back tomorrow
To make you afraid, coming back for love
To make you all afraid, coming back tomorrow
To make you afraid, coming back for love
For love, for love, for love, for love

To make you afraid, coming back tomorrow
To make you afraid, coming back for love
To make you all afraid, coming back tomorrow
To make you afraid, coming back for love
To make you afraid, coming back tomorrow
To make you afraid, coming back for love
To make you all afraid, coming back tomorrow
To make you afraid, coming back for love
For love, for love, for love, for love.
